# Int'l Bank UI/UX Design

- Minimalist Design
- Figma Auto Layout

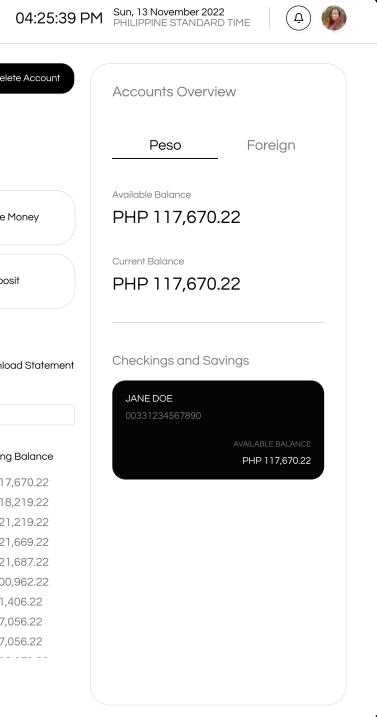

The image displays three views of the International Bank mobile application:

- Dashboard:** Shows a minimalist interface with a dark background. It includes a sidebar with options like Dashboard, Accounts (selected), Deposits, Investments (UITF and Wealth Manager), User Preferences & Settings (Settings, Contacts, Inbox), Other Services (Forex Rates, ATMs, CAMs, Branches), FAQ, and Logout. A footer note says "For questions or assistance, you may email us at support@intlbank.com".
- Login Screen:** Features the International Bank logo and tagline "Let's get you there". It has fields for Username and Password, a LOGIN button, and links for Sign Up? and Recover Access.
- Transaction History:** Displays a list of transactions for November 10, 2022, and November 13, 2022. The table includes columns for Date, Transaction, Amount, and Running Balance. Transactions listed include ET MCI SALE, ATM WITHDRAWAL, MOBILE RETAIL FUND TRANSFER, ET WD ACQ, INTERBANK FUND TRANSFER, PAYROLL, ATM WITHDRAWAL, ATM WITHDRAWAL, and ET MCI SALE.

Welcome to  
International Bank  
Let's get you there!

Parenting Healthy babies

### Our Baby Sleep Training Solutions

At Luna Leaps, we understand that the challenge of a baby's sleep can impact the whole family's well-being. That's why we offer tailored solutions to help your baby develop healthy sleep habits.

**Frequent Night Wakings**  
Does it feel like your baby only sleeps in 30-minute stretches? Frequent night wakings are one of the most frequently reported problems by parents and caregivers.

**Schedule Transitions**  
Night transitions are milestones of a developing circadian rhythm in your baby. Transitions can be tricky, leaving parents and caregivers frustrated and exhausted.

**Regressions**  
Is your normally good sleeper all of a sudden waking up during the night or resisting naps? You may be in the middle of a temporary regression!

**Naps**  
Short naps prevent restorative daytime sleep, often leading to a fussy baby. Though nap needs are developmentally appropriate depending on baby's age.

See My Packages

### Children We Sleep Coach

We're dedicated to helping families achieve healthy and restful sleep for their children. Our sleep consulting services are a personalized solution that work for each family's unique needs.

**Newborn**  
AGED 0-6 MONTHS

**Baby**  
AGED 6-12 MONTHS

Newborns are so young and have not yet established a sleep routine. This makes it a tricky situation for sleep training and we accept these clients on a case by case basis.

Babies are constantly growing and developing, which means their sleep needs are changing as well. Our sleep coaching strategies are designed to help babies develop consistent sleep patterns, as they can rest better and wake up feeling refreshed.
